

YOUR HELP IS NEEDED!!!

Every time I think I am out, they drag me back in. Hello everybody, This is Scott Merritt CDA Interim President. Let us talk about the wonderful world of the CDA. First of all we need people that want to see darts grow in Columbus, we have had many requests for a traveling dart league again. Let us explore that. I need from all of you, the name of dart bars in Columbus that have steel-tip boards. I need the name, the amount of boards and the location. My list is quite outdated. Even if you do not want to play on a traveling league, but know of a dart bar let me know. Col_darters_asen@yahoo.com .

We need a few board members to fill the vacant spots. I will only be Interim President for a couple months. If nobody steps up to be on the board and take a leadership role in Columbus darts. There will be no darts. We are not talking about lifetime commitments here. Serve your time just like many others of us have. Contribute back to the darting community. Stand up and be counted, quit assuming someone else will. Because you know what, nobody is volunteering, so it is up to you. If you are one of those people who love to give constructive suggestions, but have never volunteered. You can shove that crap right back up your ass. If your one of those people who love to give constructive suggestions and have volunteered. Thank you, we are more than happy to listen to your insights.

We all love to play darts, we all play darts, so we all should volunteer to make sure there are darts. The people that volunteer have jobs. They are busy just like you. But they manage, because they know it needs done. You know it needs done also.
